PHOTOS

Please supply photos of your horse as per the description and examples below:

- from in front, head level, showing shape of rib cage, legs, feet
- from each side, head in natural position, showing overall shape including feet
- from behind, with body straight, showing the entire length of the horses back and wither, eg, the area the saddle sits on. PLEASE DON'T SEND ME PICTURES OF YOUR HORSES BOTTOM
- your old saddle on the horse, with **nothing** underneath, firstly without a rider, girthed up as tight as if you were about to ride. Secondly, with a rider.
- the area of the horse's back, underneath where the saddle sits, after the saddle has been removed, after a decent ride in which the horse worked up a sweat
